

Carolina Ear, Nose & Throat Head and Neck Surgery Center, PA is pleased to announce the selection of Dr. Roger Cole as the new medical director for its Voice and Swallowing Division. Dr. Cole has extensive clinical interest and training in voice disorders and swallowing dysfunction having completed his training in the Department of Otolaryngology and the Center for Voice and Swallowing Disorders at Wake Forest University Medical Center in Winston-Salem. The Voice and Swallowing Division of Carolina ENT/HNSC offers a broad array of diagnostic and therapeutic options to treat voice, swallowing, and reflux related disorders thru the use of specialized diagnostic techniques in an outpatient clinical setting. To establish a consultation, please contact the referral coordinator at 828-322-2183.
